

CityLine Windows

Engineered with performance in mind, CityLine Windows by Quaker have been designed to offer Unparalleled Thermal Performance, Superior Structural Integrity, Dynamic Sound Reduction and Comprehensive Design Flexibility.

Thermal Performance :

Incorporating Azo-Core™, OptiCore Technology® maximizes performance to offer the lowest thermal conductivity of any aluminum thermal barrier.

Structural Performance :

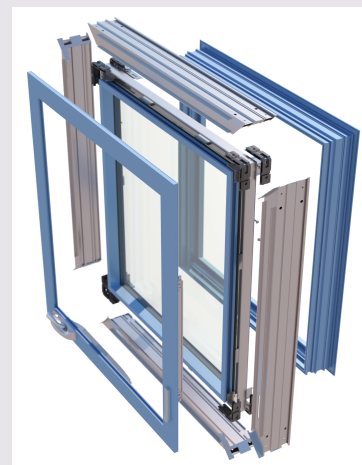

Originally designed for high-end commercial applications, CityLine Windows offer the unique blend of advanced architectural engineering with contemporary design characteristics.

Sound Transmission :

A key pillar to its design that offers upwards of a 25% overall reduction in sound transmission.

Design Flexibility :

Designed to span both Traditional and Contemporary styles, beveled and squared glazing is available to marry the exterior features of your homes architectural style.

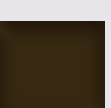

Product Highlights :

- Patented OptiCore® Technology Framing System
 - 4-1/8” Architectural Grade Aluminum Frame
 - Dual Euro-Groove Frame System
- Azo-Core Thermal Barrier System for Increased Energy Efficiency & Reduced Thermal Conductivity
- Multiple Glazing Package Options compliment any Region or Climate
- Structural Mull Availability offers Wider and Taller Sizing Options
- Internal or Simulated Divided Lights (SDLs) available
- Wide variety of Panning, Receptor & Trim options available
- Exterior and Interior Color Finish Options including 2-Tone
- Easily Removable FlexScreen System
