

## TimberLine Windows (W600, W605)

TimberLine Wood Windows fuse an architectural aluminum exterior with a classic natural wood interior to provide ageless charm for your living space while permanently protecting your inside from the outside.

With a determined focus on residential architectural design, TimberLine combines the hardened outer shell of an architectural aluminum frame with the subtlety and beauty of a natural pine interior.

Incorporating OptiCore®, a proprietary patented technology that forms a foundation of superior structural, thermal and sound performance, engineered and built to exceed the expectations of modern home construction.

## TimberLine Window Highlights, Performance and Operational Styles

- Patented OptiCore® Technology Framing System
  - 4-1/8" Architectural Grade Aluminum Frame
  - 4-9/16" & 6-9/16" Jamb Extensions
  - Dual Euro-Groove Frame System
- Azo-Core Thermal Barrier System for Increased Energy Efficiency and Reduced Thermal Conductivity
- Multiple Glazing Package Options Compliment Region and Climate
