

EdgeLine H4503 Windows

With its historic undertones and classic sight lines, EdgeLine H4503 Windows by Quaker have been engineered to bring light and life deeper into your home. A distinct collection that draws upon the traditional look of steel while offering an architectural aluminum alternative that recasts the limitations of thermal and structural performance.

Visually ageless, the EdgeLine Series brings forward the open sight lines seen in classic steel windows and adds to them a modern twist and urban flair; bringing together an uninterrupted connection to the outside world.

Designed to match the iconic look of yesterday and drawn to define the contemporary feel of tomorrow, Edgeline Windows takes modern technological advances and intertwines them with a proprietary frame design to provide a base of superior performance and product flexibility.

EdgeLine H4503 Window Highlights, Performance and Operational Styles

- Azo-Core Thermal Barrier System
 - 3-1/4" Extruded Aluminum Frame
 - 1-1/2" Sight Lines - Fixed
 - 2-5/16" Sight Lines - Vent
- Dual Euro-Groove Frame System to Improve Water and Wind Performance
- Sealant Injected Double Corner Key Frame Design Technology Offers Maximum Structural Performance
- Azo-Core Thermal Barrier System for Increased Energy Efficiency and Reduced Thermal Conductivity
- Multiple Glazing Package Options Compliment Region and Climate
- Structural Mull Availability Offers Wider and Taller Sizing Options
- Internal or Simulated Divided Light (SDLs) Grids Available
- High-Performance 2604 and 2605 Powder Finishes
- Custom Color Matching and Heat Reflective Paint Options
